

Bunker Hill-Sullivan-Mine Operation

Wardner Idaho Oct 25, 05

I went to the dance Hall last night to see Byrd did not connect with him I learned that one Malcom is one of the leaders here and acts for Simpkins when he is not here also that one of the Shift Bosses named Davie I do not know if this is his given name or sir name is one of the very prominent ones in soliciting men to become members there is a girl here in the dance hall who is next to all of them she seems to be a favorite of the Union men as she has been in most all of the Union camps in Montana she is German and speaks all of the Scandinavian languages she told me that all of the Swedes & Norwegians belonged to the union pointed out 3 to me I gave them the signal and they come over and shook hands with us we had a drink and they told me about the situation here

And advised me as how to get work
 they advised me to leave my Card at Burke
 however I think best to bring it here and
 will go to Burke this P.M. after my transfer
 I will find out more about David and
 see Byrd as soon as possible it seems
 to be understood that he put the Hammer
 heads in the Car as they all laugh when
 it is mentioned in my expenses for the
 day I include my board bill I rec notice
 to day to use my old number 15 I talked
 with several to day all seem in sympathy
 with the men Specially Barbers & Saloon
 men

Respectfully 15-
