

Spokane, Wash., Aug. 13, 1901.

Mr. Albert Burch,

Mg'r of Bunker Hill & Sullivan M. & C. Co.,

Wardner, Idaho,

Dear Sir:

Yours of the 11inst. received.

I will carry out your instructions concerning the sending of reports in the future.

I am glad to know that A-58 is getting himself in a better position to obtain information for you, and have instructed him to use his best efforts in doing so.

I am of the opinion that it would be a good idea for him to secure some kind of employment, or try his hand at prospecting a little for a while, in order to make his cover more complete, and will suggest to him that he look for such employment.

I have had all of the Oprs. in the Coeur D' Alenes on the carpet concerning their expense bills, and am in hopes to see some improvement in that direction at once, although of necessity their expense bills during July were quite large.

Thanking you for the favor, I am,

Yours very respy,

*W. S. Swain*
